

Anamari Hrup

Berlin, September 2016

Letter of reference for Anamari Hrup.

Anamari Hrup was working for the Gallery Axel Obiger as an Intern,  
in the period from 06.06.2016 until the 18.09.2016.

Anamari Hrup was always very dedicated and interested to learn and give us her support.  
During her time in our Gallery she worked with us on several exhibitions, as for example:  
„jeder mit jedem“, „Beiläufige Mühen und verkommene Uhrmacher“, „Unsauber“ and „Ueberschicht“,  
where she was involved in the preparation and installation of the works, as well as  
the development of floor plans, invitation cards, price lists.

Anamari Hrup was very into the work in the Gallery, beside her particular interest in Art she  
showed extraordinary commitment in the time she work for us. No matter what subject she was  
involved, she performed all her duties to our fullest satisfaction. She went to see some of the  
artists studios as well, to strengthen her understanding of this artistic position.

Anamari Hrup was starting our Instagram Account and she was the Admin of our facebook page  
as well, where she was able to show her autonomous skills and time management.

Anamari Hrup was very aware and on time, giving good suggestions and a helping hand when  
needed, she always worked with diligence, confidence, and attention to detail.

We want to wish all the best for her future life and work,

Oliver Möst & the Artists of Axel Obiger Gallery
